

MATERIAL SAFETY DATA SHEET

MANUFACTURER: Ben Nye Company, Inc.
3655 Lenawee Avenue • Los Angeles, CA 90016
• U.S.A. • PH: (310) 839-1984
FAX: (310) 839-2640

EMERGENCY TELEPHONE NUMBER:
ChemTel:
US/Canada (800) 225-3924
International (813) 977-3668 (Collect)

Date: June 17, 2013

Section I: Product

PRODUCT: **Quick Cleanse**

Section II: Hazardous/Chemical Ingredients

INGREDIENT:	C.A.S. Reg. No.	Vapor Pressure	PEL/TLV	Hazard
Mineral Oil	8042-47-5	<1 MM HG @70F	None/None	None known.
Octyldodecanol	5333-42-6	N/A	None/None	None known.
Trilaureth-4	203-886-9	N/A	None/None	None known.

Section III: Physical Data

Boiling Range: Approx 609F

Vapor Density: >1

Specific Gravity: Approx. 0.85

H₂O Soluble: Negligible

% Volatile by Volume: Nil

Appearance and Odor: Low viscosity liquid. Reddish-pink color. Slight citrus odor.

Section IV – Fire and Explosion Hazard Data

Flash Point: Approx 250F

Explosive limits: LEV UEL (% V in air)
N/A N/A

NFPA Rating: No NFPA Rating

Extinguishing Media: Dry chemical, foam, or carbon dioxide.

SPECIAL FIRE FIGHTING PROCEDURES: Water may be ineffective to extinguish, but may be useful to cool closed containers in a fire.

Dense smoke may be generated while burning. Carbon monoxide, carbon dioxide and other oxides may be generated as products of combustion.

Section V: Health Effects & First Aid

EFFECTS OF OVEREXPOSURE:

Eye contact: May cause eye irritation.

Skin irritation: This product is not expected to cause skin irritation upon direct contact when used as directed. If irritation does occur, remove promptly and discontinue use.

Inhalation: This product has a low vapor pressure and is not expected to present an inhalation hazard at ambient conditions. Avoid misting of the product.

Ingestion: Oral LD50: >10ML/KG

EMERGENCY AND FIRST AID PROCEDURES:

Eyes: Immediately flush eyes with plenty of cool water for at least 15 minutes. Do not let victim rub eyes, and get immediate medical attention.

Skin Contact: If skin irritation occurs, remove promptly. Wash affected area and rinse with plenty of water. Discontinue use. If irritation persists or worsens seek medical attention.

Inhalation: If vapor or mist is generated by heating, remove victim from exposure. If breathing has stopped or is irregular, administer artificial respiration and supply oxygen if it is available. Seek medical attention.

Ingestion: Call a physician or poison control center promptly. To avoid aspiration, do not induce vomiting.

Section VI: Reactivity Data

Stability: Generally stable.

Stability conditions to avoid: None

Incompatibility: May react with strong oxidizing agents

Hazardous Decomposition Products: None

Hazardous Polymerization: Will not occur

Polymerization conditions to avoid: None

Section VII: Spill or Leak Procedures

Steps for material spillage: Remove all sources of ignition. Small spills should be wiped up with absorbent material and disposed of properly, away from all sources of ignition. Floors: Spill area should be washed and rinsed to avoid slipping.

SARA Title 111 Regulatory information: Section 302, Extremely Hazardous Substances:

Does not contain Section 311/312 Categories for Tier I & Tier II reporting.

1 Fire 1 Immediate (acute) Health

0 Reactivity 0 Delayed (chronic) Health

Section 313 Emissions Reporting: The following indicates any ingredients that are listed as subject to reporting requirements of EPA Section 313.

	<u>CAS #</u>	<u>LISTED?</u>
Mineral Oil	8042-47-5	No
Octyldodecanol	5333-42-6	No
Trilaureth-4	203-886-9	No

Section VIII Special Protection Information

Respiratory Protection: None

Ventilation: Adequate normal room ventilation.

Protective Gloves/Eye Protection: No equipment necessary.

Section IX: Special Precautions

Handling and Storage Precautions: Handle in the presence of adequate ventilation. Store in closed container, away from heat, sparks, or flame.

Other precautions:

Use as directed. Keep away from children

Keep out of the eyes. Do not ingest.

Keep away from excessive heat or flame (do not allow smoking).

Allow adequate room ventilation. Do not breathe mist.

Do not use on irritated or broken skin. Though irritation is unlikely, if irritation or other sensitivity occurs, discontinue use and wash, rinsing with plenty of water. If condition from contact continues or worsens seek medical attention promptly.
