

1. Identification of the substance/mixture and the company/undertaking

Product Identifier:

Name: Ultralucent Setting Powder

Shades: COLORLESS

Relevant Identified Uses of the substance or mixture and uses advised against:

Product Use: Product to be use for cosmetic purpose only. External use only. Do not ingest or apply on open wounds.

Details of the Supplier of the Safety Data Sheet:

Manufacturer: Cinema Secrets, Inc.

4400 West Riverside Drive #110, Burbank, CA 91505 USA

Information Phone Number: (818)846-0579

E-mail info@cinemasecrets.com

Emergency Telephone Number: ChemTel Inc. Chemical Expert Assistance Hotline 24HR
1-800-255-3924 (US territories & Canada) Int'l +01-813-248-0585

MSDS Date of preparation: September 15, 2015

2. Hazard Identification

Do not induce special fire or explosion hazards.

This preparation is not classified as "Dangerous preparation" according to the dispositions of the annex VI from Guideline 67/548/CCE.

Eyes: Direct inside the eye contact may cause temporary discomfort with mild redness and dryness similar to windburn. Rinse with water.

Skin: no know adverse effect

Inhalation: no irritation to respiratory passages is expected from exposures.

Oral: Small amounts transferred to the mouth by fingers during use should not harm. Swallowing large amounts may cause digestive discomfort. We recommend using following the recommendation and avoiding ingestion of this material.

Emergency Overview: This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

3. Composition of ingredients

Manihot Esculenta (Tapioca) Starch*, Bambusa Arundinacea stem powder, Zinc Oxide, Mica, Zinc Stearate, Rosmarinus Officinalis (Rosemary) Leaf Extract*, Salvia Officinalis (Sage) Leaf Extract*, Tocopherol, Sodium Benzoate, Potassium Sorbate.

*Certified Organic Ingredients

4. First aid measures upon exposure

In Case of swallowing: No first aid should be needed. If discomfort occurs, obtain medical attention. Wash out mouth thoroughly with water. Do not induce vomiting; seek medical attention.

In case of contact with eyes: Rinse immediately with plenty of water for at least 15 minutes: seek medical attention.

Skin Problem: Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort.

If discomfort persists, consult a physician. In case of Inhalation: If respiratory irritation occurs, remove individual to fresh air.

5. Firefighting information

Auto-ignition Temperature: No determined

Flammability Limits in Air: Not determined

Extinguishing Media: Use dry chemical, foam, carbon dioxide, water.

Fire Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives.

6. Accidental release measures

Containment/ Clean Up: Collect for disposal. Clean up remaining materials from spill with suitable absorbent. Clean with soap and water.

7. Handling and storage

No unusual handling or storage requirements.

Keep container closed and away from heat, sparks and open flame.

Conditions for Safe Storage: Do not expose to heat and flame.

For Household Settings: Avoid extreme temperatures. Close container after each use.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Other Recommendations: For best results maintain product between 10°C -30°C

8. Exposure Controls/Personal Protection

No special protection is needed. Avoid eye contact. Keep container closed.

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots etc.) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

9. Physical and chemical properties

Appearance: Loose Powder

Color: White

Odor: None

Solubility in Water: insoluble

pH 5% @ 20°C: 7.5 – 8.0

10. Stability and reactivity

Chemical Stability: Stable

Hazardous Polymerization: will not occur.

Conditions to avoid: none known.

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

11. Toxicological information

To safeguard the purity of the product and applicator: (1) always handle and apply in a careful and sanitary manner; (2) Do not share with others (3) Do not add anything to the product (4) Cap tightly to help prevent changes in odor or appearance (if change occurs, discontinue use).

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No IARC: No OSHA: No

12. Ecological information

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

13. Disposal considerations

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered nonhazardous waste according to Federal RCRA regulations (40 CFR 261).

Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331.

14. Transport information

Finished packaged product transported by ground (DOT): Nonhazardous.

Finished packaged product transported by vessel (IMDG): Nonhazardous.

Finished packaged product transported by air (IATA): Nonhazardous.

15. Regulatory information

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC). Regulated as a Cosmetic and/or Drug by the FDA (U.S.), HPB (Canada), Cosmetics Directive (EU), MHW (Japan) and China (MOH). While this finished product(s) is not considered hazardous as defined by OSHA in 29 CFR1900.1200(d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal. The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

16. Additional information, like SDS revisions

To be used exclusively like a cosmetics product. This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Revisions will be done upon changes to the products criteria or every 24 months.
